All the music used for this game is created and owned by **Zen1th** (my artist name) from **Zen1th Music Records** and must not be re-distributed for commercial usage.

I have provided two of my own song files ('**Zen1th – The Retrun.mp3**' & '**Zen1th – Nitro.mp3**') in the game, you can listen to them offline.

If you want to listen officially, here are the links:
